STATE OF EMERGENCY RELATING TO EVICTIONS

The novel coronavirus (COVID-19) is a respiratory disease causing illness that can range from very mild to severe, including illness resulting in death, and many cases of COVID-19 have been confirmed in the Commonwealth.

The Kentucky Constitution and Kentucky Revised Statutes, including KRS Chapter 39A, empower me to exercise all powers necessary to promote and secure the safety and protection of the civilian population, including the power to command individuals to disperse from the scene of an emergency. Under those powers, I declared by Executive Order 2020-215 on March 6, 2020, that a State of Emergency exists in the Commonwealth.

On March 25, 2020, I issued Executive Order 2020-257 to take additional steps to encourage Kentuckians to remain Healthy at Home and to protect the public health by attempting to slow the spread of COVID-19. Paragraph 5. of Executive Order 2020-257 suspended evictions in the Commonwealth and directed all state, county, and local law enforcement officers in the Commonwealth to cease enforcement of orders of eviction from residential premises for the duration of the State of Emergency. The provision expressly stated that it did not relieve any individual of the obligation to pay rent, to make mortgage payments, or to comply with any other obligation that an individual may have under tenancy or mortgage. Executive Order 2020-257 stated that nothing in it should be interpreted to interfere with or infringe on the powers of the legislative and judicial branches to perform their constitutional duties or exercise their authority.

On May 8, 2020, I issued Executive Order 2020-323, encouraging Kentuckians to remain Healthy at Home to help protect the Commonwealth from the spread of COVID-19, including by ensuring Kentuckians have power, shelter, and water, but also to allow Kentuckians to be Healthy at Work. Paragraph 7. of Executive Order 2020-323 amended paragraph 5. of Executive Order 2020-257 by continuing the suspension of evictions from

residential premises for failure to pay rent, and directed all state, county, and local law enforcement officers in the Commonwealth to cease enforcement of orders of eviction for residential premises for the duration of the State of Emergency. The provision reiterated that it did not relieve any individual of the obligation to pay rent, to make mortgage payments, or to comply with any other obligation that an individual may have under tenancy or mortgage. Executive Order 2020-323 stated that nothing in it should be interpreted to interfere with or infringe on the powers of the legislative and judicial branches to perform their constitutional duties or exercise their authority.

Even as efforts have been made to reopen the economy, the Commonwealth and the United States remain in a daily battle with COVID-19. While eviction actions are now permitted in Kentucky, Kentuckians must work together to ensure our citizens have shelter and remain Healthy at Home in order to protect the public from the transmission of the disease.

NOW THEREFORE, I, Andy Beshear, by virtue of authority vested in me pursuant to the Kentucky Constitution and by KRS Chapter 39A, do hereby Order and Direct as follows:

1. Pursuant to the authority vested in me by KRS Chapter 39A, the suspension of evictions from residential premises for failure to pay rent under paragraph 5. of Executive Order 2020-257 and paragraph 7. of Executive Order 2020-323 shall be rescinded effective August 25, 2020; and
